

ST ROBERT SOUTHWELL CATHOLIC PRIMARY SCHOOL

Sports Funding 2015-16

The Government's sports funding ensures our children receive the highest level of sports provision during PE lessons, extracurricular clubs and playtimes/lunchtimes.

Our Successes

During 2016 we celebrated many sporting successes in our school including; the Boys' Football Team winning the Brent North League Cup and the Girls' Football Team getting through to the finals. We also had lots of inter-school competitions taking place; Years 3-6 took part in tennis and table tennis competitions, where the winners were awarded trophies in our Celebration Assembly. We monitor our successes through the competitions we take part in, as well as children's questionnaires. A survey taken during the summer term 2016 showed that 83% of children said that PE was their favourite subject in school.

How the funding is used

We received £9500 for the academic year 2015/16, and spent it in the following ways:

Item/project	Cost (£)	Objective	Outcome
Continued employment of a school based sports coach, 15 hours per week, running before and after school sports and, sport groups during the school day.	£4500	To enhance PE provision for all children and improve all their basic skills	33% of children took part in before and after-school clubs last year, an improvement of 10.5%
Membership and participation in Kingsbury Schools Partnership	£1300	All children experienced a range of sporting activities with other children and coaches	All children in Y1-5 attended sports festivals
Employment of an additional lunchtime support playground leader, for the infants	£1500	To increase participation in lunchtime sporting activities	A wider variety of games and equipment are used at lunchtime and children's feedback is that they enjoy their lunchtimes.
Additional playground equipment for the juniors	£1000	To develop a wider range of skills, and the opportunity to take part in different playground games and activities	An increase in girls participating in team activities at playtimes and lunchtimes.
Release time to provide support for the teaching and delivery of gymnastics lessons	£400	To support Year 5 teacher in developing their teaching of gymnastics	All Year 5 children had 15 weeks gymnastics teaching
To provide the children with an adventurous sporting opportunity	£800	Children in years 2-6 had an opportunity to take part in an adventurous sporting activity.	66% of children participated in a sport they had never tried before

Action Plan

As part of the academic year 2016/17, we will continue to work on our strengths in football, Gaelic, tennis and table tennis, while providing further opportunities for the children to explore other sports. The success of British athletes in Rio 2016 has inspired us to explore and perfect other sports, such as hockey. We want to foster the children's love of sport, while enthusing more children to explore things that they may not have before. We will measure this success with another pupil questionnaire.
