

St Robert Southwell School

Whole School Numeracy Overview 2014-15

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Reception	Number - counting	Shape, Space and Measure Number – counting and calculations	Shape, Space and Measure Number – counting and calculations	Number - calculations and counting	Shape, Space and Measure Number – counting and calculations	Shape, Space and Measure Number – counting and calculations
Year 1	Number & place value Addition & subtraction	Geometry Measures Number and place value	Addition & subtraction Multiplication and division	Geometry Measures, Number and place value	Multiplication & division Fractions	Number & place value Addition & subtraction
Year 2	Number & place Value Addition/ Subtraction	Number & place Value Geometry -Shape Measurement	Number & place Value Geometry -Shape Measurement	Geometry-position Measurement Statistics	Addition/ Subtraction Multiplication/division Measurement Fractions	Addition/ Subtraction Multiplication/division Measurement Fractions
Year 3	Number and Place Value Addition and Subtraction Statistics Geometry	Number and Place Value Number – Fractions Number - Multiplication	Number – Multiplication and Division Measurement	Number – Multiplication and Division Geometry Fractions	Statistics Number and Place Value Addition and Subtraction	Number – Multiplication and Division Measurement Geometry
Year 4	Number and Place Value Addition/subtraction Multiplication/division Measurement	Calculations Fractions Multiplication/division Geometry-shape	Number and Place Value Statistics Measurement	Fractions Geometry- position Number & place value	Calculations Fractions Geometry Number & place value	Measurement Statistics Calculations Fractions
Year 5	Number: place value calculation	Statistics Measurement Assessments	Fractions, decimals and percentages Measurement	Calculation Properties of shape Angles	Place value and calculations	Statistics Position and direction
Year 6	Place Value Addition & Subtraction Multiplication & Division Ratio Fractions, decimals & Percentages	Positive & negative numbers Shape & Space Measures Addition & Subtraction Properties of numbers Assessments	Ordering and Rounding Multiplication and Division Reasoning about shape Angles	Measures Data handling Mental Calculations Number sequences	Algebra Mental Calculations Revision	Fractions, decimals and percentages. Transition units.
